S.No	Queries/Clarifications made by the Consultants	Response of Karnataka Road Development Corporation
1)	For the gates, we are supposed to provide all basic infrastructure for smooth running of toll plaza such as 1) Toll Booths 2) Software 3) Systems 4) Lighting 5) Signboards 6) Generator back up	Yes. Please refer to the RFP clause 15 for further details.
2)	We understand that there will be no road work or permanent building constructions necessary. Please confirm the same.	Please refer to Clause 15 (h) of the Draft Contract in RFP.
3)	One thing we need your guidance on is -With respect to all the infrastructure provided by the concessionaire (systems, generators, etc). On the expiry of the contract, is the contractor at liberty to take away all the items as they are owned and provided by the Contractor ?(Or alternatively can sell to the new contractor to ensure smooth functioning of toll plaza)	Clause 10 (e) mentions that the Contractor shall handover the User Fee Plaza (s) on 8:00 hrs of the following day on the completion of the period of Contract to KRDCCL. It is clarified that temporary infrastructure like furniture, systems & software can be taken back by the Contractor post completion of the toll contract. Please refer to the RFP for further details
4)	Registration of interested parties on E-Procurement web-site	Please refer to the RFP for details. The bidder shall contact e-procurement cell for further information.
